## Loitering Law Works

The anti-loitering by-law, accepted by the Town of Wilmington in the annual Town Meeting two years ago, works.

It was accepted on motion of Lt. John Imbimbo of the Police Department, but has been awaiting action while the Police Department awaited the re-action of the Woburn District Court.

A short time ago it was learned that the Justices of that Court would regard a person in a shopping cen-

ter as being subject to such a by-law.

Officer Larry Kelly of the Wilmington police, last Thursday, ordered four of the youths who customarily spend their evenings in and near the North Wilmington Parking Lot, to 'move on' last Thursday. When the youths failed to observe the order they were arrested for loitering.

All were fined, in Woburn Court.

BLITZ 8:00 MONDAY NIGHT

# A PAINTING OF CHARLIE BLACK

Frail of body, but with spirit strong, Selectman Charles Black, for nearly forty years a public servant of Wilmington, was the guest of honor at the Town Hall, Monday night.

Former Town Counsel Philip Buzzell was the spokesman, and presented the Town of Wilmington with a painting of Mr. Black, costing \$425, and made of likenesses of former years. The cost was defrayed by private contribution.

Over 50 guests were present, Town officials, members of both the Republican and Democratic Town Committees, officials of the Middlesex County National Bank and Rotarians, all to do honor to Mr. Black.

The party had been planned for several months ago, but the increasing illness of Mr. Black prevented a party. It was to have been a total surprise. A former Selectman of Wilmington was the person who did most of the planning and work involved.

Mr. Black, now a patient in a Methuen rest home, is suffering from Parkinson's disease. His physician, Dr. Gerald A. Fagan, says that while the affliction is affecting Mr. Black's backbone, he probably has many years to live.

Among those who spoke was Joseph Healey of the Middlesex Bank, who told of the pleasure in being associated with Mr. Black as a director of the bank.

Philip Buzzell told of Black's outstanding service of 30 years as a Selectman, which, he said, was not only outstanding, but unique to Wilmington and New England.

## Planning Board

The Jackson Brothers will have to put up a bond for \$115,000 for their new housing development, Allen Park, off Parker Street, in the old so-called Plains of Wilmington.

Fred Jackson, president of the firm, discussed the bonding with the Planning Board, Tuesday night.

Instead of a bond, Mr. Jackson wants to present the town with a savings book for \$115,000, to be held jointly in the name of the Jackson Brothers and the Town of Wilmington, as a bond.

Jackson proposed to the Planning Board that his firm be allowed to withdraw monies from the bank-book, as work progressed, to pay for the work being done.

It had been done, he said, in Bedford.

The Planning Board was of the opinion that the name in the pass-book should be just that of the Town of Wilmington. It was agreed that the Planning Board would discuss the problem with the Town Counsel next Monday.

Jackson spent quite a time discussing a plan of land between Parker Street and the new development, land which the Jackson Brothers intend to have 'land-courted' to guarantee the title to future purchasers.

The land is an assembly of old lots, dating back over half a century, and each lot has a frontage of over 125 feet, but a varying depth, something over 100 feet. It

is impossible to get more land, because of the old sub-development.

Danny Gillis, speaking for the Planning Board, told Jackson that his firm had done the best possible thing with the land involved, even though it does not fully conform to the Wilmington Zoning By-Law. The Planning Board will also consider the plan for the land being land-courted, with the Town Counsel, next Monday.

The Benson Park Plan, off Lake Street, was turned down because of a technicality, and the board agreed that as soon as the technicalities are cleared up they will sign the plan.

The Town Engineer was absent, on military duty, and it was impossible to find a telephone number for the engineer who had designed Benson Park.

Under the plan which was almost accepted, the road going in from Lake Street, towards Nichols St. will be called Radcliff Road.

Drainage easements, which were originally designed to cross lots only a hundred feet or so from Lake Street, have been eliminated. Instead there will be a drainage easement down Radcliff Road to the swamp in back.

The trouble was that the proposed drainage easements were to be above ground, after 100 feet beyond Benson Road, which is to be parallel or nearly so to Lake Street. The Planning Board wanted the easements to be underground

for the full depth of the abutting lots, and adopted a resolution that henceforth this will be a requirement in all future plans.

The board also wanted an easement, for a future street, near the Tewksbury line, to be shown as a 'hard line' instead of a

## Nosey Nancy

Send your announcements to Nancy, Box 208, Wilmington, or call 657-7141, or after five, 658-4865. If I'm not there, I'll call you.

Hey, you Folks, it's along about that time again....Sub Sandwich time that is....and the papers and milk cartons are dumped carelessly on the front bank or steps of the Depot. Now, you kids, I told you before we don't mind if you have your lunch over there, but we do mind if we pick up all of your garbage....and our friend Mr Morris had some nice orange barrels placed down in the parking area and on the sidewalks on both sides of the street. Now, please use them. Yesterday, there was junk behind the fence, two feet from the one on the walk, and then last night on the steps, around the corner from one on the lot....So, let's get with it, kids....Got enough trash to pick up without the garbage tool

And that TM, he's something....He's got this town looking better than it has for years....Voted the nice clean streets and well cared for look over the fourth of July weekend....and that takes some managing. This gal knows!

Isn't that Joe Beaton something! Last week he manufactured that Box Seat in an hour....He didn't know we had to go to press early and was at work when we called....and he handed the article through the door to me at 6:30 pm for setting....Wish this chick could write like that one!

Did you know that the Hospitalized Veterans have a Creative Writing Project. The Brockton VA Hospital produced the most writers we hear. The Hospitalized Veterans Writing Project is a national organization sponsored and operated by volunteers to encourage hospitalized vets to try creative writing for recreation and rehabilitation.

Children's activities are now underway at the North Shore Theater in Beverly. The Arts Foundation is offering instruction to the children in Creative Dramatics under the direction of Robert Trole of New York University.

They tell me that Dick Bratt of Wilmington has just returned from the Winchester Hospital after a very serious case of blood poisoning....(This note was given to me and don't know how Dick got the blood poisoning, but we're glad he made it!)

Helen Babine of High Street just returned from Colorado Springs where she was visiting her son, Jack, who is now en route to VietNam (Let's hear from that Jack!) While there, she made the trip to the top of Pike's Peak.

The boys are aroundtown....This dapper lad with a mustache and deep tan dropped into the Depot yesterday, and guess who! Dennis Ames fresh home and looking a great thirty pounds light and fit

sporting a sharp white turtleneck jersey. He said he left Nam for the Wrold at one on Tuesday pm and arrived here at 6 pm the same day! Ho, what fun! Other than being a little nervous, Dennis is doing just great and it certainly was grand to see him!

Chris Carpenter is pumping gas at Wilmington Jenney, and looking just great also. Chris is full of all sorts of plans for execution after he gets out....His only criticism is that he's nervous too....Said he went to see 'Green Berets' last week in Lowell, and he couldn't watch it for the shivering and shaking....Should think he would....Don't know how they are keeping their cool so well.

ANYWAY, WELCOME HOME, FELLAS, FROM ALL OF US!

This chick bloomed the Human Rights Meeting....First she got the wrong night in the paper and then she tried to go to the meeting herself a week ahead of time....But you folks that know this character realize that this isn't unusual for me! Anyway, apologies to you all....It was a great meeting at Jack Mittauer's....and we'll be looking for you all on Tuesday, July 23 at 7:30 pm at the home of Mr and Mrs H Higley on Roosevelt Road (the dirt road on right before the Burlington line off Burlington Avenue) 658-3679, and we're looking for all of you....invited or not....You're invited NOW!

Hey, HEAR THIS....Here's the chance you've been waiting for....OUR OWN Crusaders and Swordsmen are hosting the Annual competition 'Crusade of Drums' for the Drum and Bugle Corps at the High School Field on July 12 at 6:30 pm....(See the ad on the front page and the news item about it elsewhere)....But, these kids and their sponsors have really got it and are they good! (We have personal knowledge that those mothers have been stitching the little kids uniforms til two and three am so they would be done!) Now, let's get down there and show them we care...\$1.00 donation for adults and 75¢ for kids....Let's GO! They need YOU!

Had a letter from Ronnie and he told me not to put it in the paper, but he didn't say I couldn't tell you what he had to say....He says he only has 85 days to go over there....and he was having a weekend off at another base....and he thought Billy Iovanna's letter was great, and also Jack Baldwin's....and he says like Jackie says 'It's hard to understand this war, unless you are here to see it first hand'....and he hates to leave there in a way because he has made so many good friends and they try so hard to help the GIs We'll be looking for you in October, Ronnie, and you're not alone....The boys that are home all thought they should be back and also commented on the fact it was a funny war, because of the American civilians walking around!

Debbie Steen, the Secretary for the Swordsmen says that all the kids want to thank all of the mo-

thers of the Crusaders and Swords men who have put in the time and work in making the new uniforms The kids appreciate this!

Arnold Bishop on Grove Ave is home from the hospital, and is doing real well....However, he needs some help from you folks. If anyone knows where there is a hospital bed with sides, please call Freda at 658-4104, and don't forget Arnold with your cards because he'll still be in the house for a while yet!

Jimmy Shine just dropped in to see this gal, and he looks great but has lost 20 lbs after his stay in the hospital. He's home on a 21 day leave and then will be returning to the Air Force in Kansas.

On that palm-leaf picture of Earl Boutwell last week we goofed on his promotion. He is now a seargent, has been in Korea for three months, and is going now on

his R & R to Hong Kong! Great Earl....Have a great time!

And George and Frannie Gray have been sending me postcards and making me green with envy! They went to the Sons of Italy Convention as Wilmington Delegates and that was in Pike, New Hampshire, and are coming home by way of the Barbizon Motel at Atlantic City....Wow!

Dapper Harold McKelvey wrote us a Special for the Column this week! He wants the people to know how he feels about this.

I believe that the erection

of a Sports Stadium in or around the vicinity of Wilmington would prove to be a serious detriment to our nice Town. It would hurt our Home and Industrial Community. The expansion and progress for the benefit of all concerned would suffer terribly. The impact of resulting traffic hazards would become unbearable and our Town atmosphere would disappear permanently. I sincerely trust others who take pride in our lovely New England Town will support my efforts to protect and sanctify our Yankee heritage which was fought for and passed down to us by our liberty-loving forefathers.

## K Plastic Golf Courses?

While reading one of the Sunday papers last weekend, I chanced upon an article by a leading columnist who commented that a golf pro predicted one day we would be playing on plastic golf courses; the tees, greens and fairways would be plastic; and the entire course shortened.

Well, it wouldn't surprise me at all. Modern technology has devised many ways to make things more durable and longer lasting. Take for example, automobile tires, light bulbs, even the golf ball which they claim will last a duffer a lifetime providing he misses the water holes.

Many things can and are improved upon. There are some, however, that defy change. Such is the Oriental Rug. Made right to begin with thousands of years ago, they still remain the masterpieces of craftsmanship and skill made with the best known natural fiber — wool.

It is our wish that every home have at least one Oriental Rug — we hope you will make that wish come true by dropping in to our showroom soon.

P.S. We are open Thursday evenings until 9:00 p.m. and the rest of the week, Monday through Saturday, from 9:30 a.m. to 5:30 p.m.

## Selectmen's Meeting

With James Banda on vacation, and George Boylen about to take a vacation, the meeting of the Board of Selectmen, last Friday, was quiet.

Donald H Robbins, of the Robbins Realty Trust, and Donald L. Robbins, appeared before the board with a request for permission to level land off Ballardvale Street, for a stable for his daughter's horses. They told the Selectmen that the Jackson Brothers were to do the work, and that gravel that was to be excavated in the process would be used in town.

This caused a reaction on the board. Enquiry was made as to proposed grades and elevations and the amount of gravel to be removed. TM Sterling Morris said that he had been told that Fred Jackson had no formal agreement with the Robbins Realty Trust, at present.

Miceli wanted the Town Engineer to investigate. Morris told him the Town Engineer was on Military Leave, serving in California. Miceli then casually added that "whoever was filling in should do it". Morris made no answer. Finally there was an unsaid conclusion that there would be no engineer for the two weeks that the Town Engineer is away.

Miceli then moved to table the hearing until the elevations and estimates of gravel were supplied.

The Jackson Brothers were given a permit to move 3000 cubic yards of loam off Allen Park, with restrictions on the permit.

George Sola of Pinewood Road was given a 60 day trial license to pick up scrap and junk. He told the Selectmen he was not going to store any at his home.

The fee was \$5, and a restriction was placed, that there would be no storage on the premises at Pinewood Road.

A letter was read from Donald L. Robbins, of the Woburn Truck Parts Co., (in North Woburn, just south of the Wilmington line). Mr. Robbins owns land adjacent to the Wilmington Redevelopment Project, in South Wilmington.

The letter said that he was familiar with the stakes put out by the town, to delineate the development, and he questioned the location. He did realize that his operation was over on the Wilmington line, and he had started to clean this up. He expected the work would be done in a couple of months.

This started a heated discussion with Mrs Drew and Miceli making strong comments. Robbins, who was present on another matter, explained the neighborhood situation during the past few years, and the progress of complaints.

Leland Jackson of the Jackson Brothers, and Fructuoso Carrasco of Adams Street appeared before the board, requesting a letter from the board stating that a motion would be put before the Town Meeting, correcting boundaries (in land bought from the Town).

The Selectmen demurred and again got into a discussion about the Town Engineer, since there was a 'rhubarb' about the boundary, and because his description was with his records, and no one was able to seemingly get to them. Selectman Boylen calmed down the meeting by asking the Town Manager to see if he could find the needed description.

A letter was read from the Dept. of Natural Resources, saying that no new work could take place on the third section of Alderwood Estates unless there was an order of conditions established and issued by the Department. Miceli commented that "you would think that the bulldozer would finish what is existing now".

A letter from the Dept. of Public Welfare notified the Selectmen of the condition in which the Welfare Agents are now state employees.

A letter from the state asked that the bridge maintenance by the Town should be recorded with the Highway Department. This was referred to the clerk, Mrs O'Rourke to answer, since all bridges over the Boston & Maine RR. are maintained by the railroad.

A letter from the Attorney General told the Selectmen that the prices of brass and copper in plumbing fixtures were "being fixed" and requesting that the town should notify the Attorney General of any large purchases recently.

A letter from Town Counsel Alan Altman advised the board to adopt a motion that Roy McClanahan, the Building Inspector, was authorized to act as the Town Agent, and to authorize him, as town agent, to prosecute the Bill of Complaint issued on July 3 against John and Mary Benevento, owners of Benevento's gravel pit, to restrain them from operation. The letter stated that these two people had

been served by the Deputy Sheriffs of Middlesex County and Essex County with restraining orders.

The selectmen voted to give McClanahan the authority requested, to enforce, with the support of the Police Department.

Miceli commented that the Town Counsel "certainly had done an outstanding job" and that he was thankful that the order was given "while we still have North Wilmington".

### New Business

Mrs Drew spoke of the bill passed by the State Senate, and now before the House, awarding a minimum police salary of \$7500. Miceli said that since the police were directly under the Town Manager's jurisdiction, this should be referred to him.

Miceli questioned the "dropoff" at the Town Beach, and said that he had visited it that morning with the Recreation Commission chairman that morning. They had noted that there was a house next to the beach for sale.

Morris said he had already given the price of the house to Town Counsel Altman, with instructions to take an option.

The selectmen voted to give the responsibility for the safety, at the beach property, to Town Manager Morris and Head Life Guard Jack Bowen.

The board was told that Bowen had requested that the parents or other persons responsible for the small children at the beach be asked to keep a closer watch on them. It was almost impossible to watch all the children at one time.

Bowen had told of a baby sitter bringing a group of young children to the beach, and then going to sleep in the sun. The small children were brought back from the water, and when the lifeguard turned around again the baby sitter was again asleep.

The board backed up the warning, that baby sitters and parents watch the children that were with them.

The meeting ended with an executive session, requested by the Town Manager.

### Monday Night

In Monday night's session the board listened to a complaint of a house trailer, said to be on the corner of Gowing Road and Park Street since Saturday. There were also complaints about water skiing on Silver Lake. Both were referred to TM Morris.

Miceli commented on cars, and kids, and booze, and water skiing in the beach area during the weekend.

The meeting then adjourned.

dotted line, so that a future home owner, adjacent to the easement, would have no doubt as to the status of the land.

When the two corrections are made, the board said, they will sign the plan.

In a third action of housing developments, the board discussed the first and second sections of Alderwood Estates. The first section, they agreed, is finished. They wanted to see action on the completion of the second section, and noted that it was now two and a half years since that section was started. The agreement was that it was to be done in two years.

A letter was read from the Department of Natural Resources, relative to the Hatch Act hearing to some weeks past, for the third section.

It was signed by Robert Yasi, and Arthur W. Brunell, both of the Department of Natural Resources. The second section of the letter said that: That the work in said notice and plans shall not take place unless and until the Commissioner of the Department of Natural Resources shall issue an Order of the conditions permitting said work.

The board agreed that the developer, under the agreement of 1961, still has construction rights within the third section of the development.

## Other Business

The Planning Board received a copy of the new Wetlands Bill from Rep. Fred F. Cain. They plan to put aside an hour in their next meeting for a discussion of the new law.

Mrs. Madelyn McKie, chairlady, said that she would like to have an informal meeting with the members of the Recreation Commission and the Conservation Commission, to co-relate all activities.

Mr. Gillis noted that a new street, off Grove Avenue, is being called Railroad Street, and that the name is being confused with Railroad Avenue, off Clark Street. The Wilmington postoffice, he said, is complaining.

He looked up the previous action of the Planning Board, some years past, and noted that the name of the street off Grove Avenue had been changed to Quincy Street. The board voted to write a letter to the developer, asking that he notify the home owners and others concerned of the correct street name.

The Planning Board decided to have its office open on Fridays, from 9 to 11 a.m., of the weeks preceding the regular meetings.

The board voted to hold its next regular meeting on July 22 instead of July 23, so that it could make plans for a meeting with other officials on the 23rd, relative to the new 701 Project.

Mrs. McKie reported that she had spoken to Professor Eliot, the consultant, about the progress of the Soil Survey. Mr. Eliot will investigate and report.

It was voted to send a letter to Emil Berger, the past secretary, thanking him for all the work he had done for the board.

It was more than just an ordinary job, Gillis said. Berger's contributions to the Planning Board in 'internal structure' were tremendous, he declared, and 'he left the Planning Board in a more solid state'.

Mrs. McKie told the Planning Board that she wanted a copy of a proposed Apartment By-Law, planned for Bedford. She is planning to 'build up a library' on apartment zoning.

Al MacMullin, and his son Al, of Kirk Street, attended the meeting for the purpose of discussing the possibility of dividing a lot of land on which Mr. Mullin lives, in order that the son could build a home beside his father.

There wasn't enough 'frontage' although there was plenty of land. The board told MacMullin that he had better go the Board of Appeals. Gillis said that he felt that this was a case that merited attention, because it was not a case of a speculator trying to divide land.

The total frontage of the MacMullin lot is 164 feet, and the depth 245 feet.

John Lucchi attended the meeting with two men who were seeking to have a dry-cleaning establishment at the corner of Woburn and Lowell Streets.

The Planning Board could not

**AMONG THOSE PRESENT:** At the presentation of the painting of Mr. Black, in the Town Hall, Monday night, was Joseph Healey (right) President of the Middlesex County National Bank. Mr. Black is a director of the local branches.

At left is Joseph Maffeo, local manager. Former Town Manager, and now Professor Joseph Courtney, and former Selectman Lilloyd C. Bender are talking with Maffeo and Healey.

## CHARLES BLACK From Front Page

The service of Charles Black was not only impressive and unusual, Buzzell declared, but was a great asset to the town, as it had been to his previous employers, Stone & Webster.

Black responded that he felt 'too much for words'. There was a lot to say, and it was nice to have such friends and associates. He appreciated their efforts. Wilmington had accomplished a lot, he said, but there was much to do.

Black thanked Buzzell for his words, and said that he had always admired Abraham Lincoln, as his hero, and had tried to follow his example. He said that the most fun, in the various offices he had held in Wilmington, was being a Call Fireman, and added that he did not know how to say Thank You.

After the presentation, with Mrs. Drew acting as chairman in the absence of George Boylen, the Selectmen unanimously adopted a resolution saying:

**RESOLVED:** That this board accepts, on behalf of the Town of Wilmington, the portrait of Charles H. Black, a Selectman of this town for over thirty years, which has been commissioned and presented to the Town by a group of citizens in recognition of his outstanding record of public service, and hereby directs that the same shall remain on permanent display in the present or the future Town Hall, in gratitude for, and in commemoration of that service.

## JONATHAN ROUNDS ON HONOR ROLL

Jonathan Rounds of Wilmington who will be a junior at Mount Hermon this fall was named this week to the Mount Hermon School Honor Roll for the spring term in recognition of his high scholastic standing. He was among 204 boys to be cited.

Jonathan is the son of Mr. and Mrs. Austin L. Rounds of 56 Butters Row.

give him much hope, because the area is zoned for Neighborhood Business.

Gillis told Lucchi that 'this area has more of a General Business area than a Neighborhood

Business area, and we should recommend a change, if a change were asked for'.

Mrs. McKie told the board she would talk with Professor Eliot, to get his reaction to the problem.

## Little League Tournament Play Starts Tuesday

With the exciting conclusion of the Major League Schedule, the All Star Team is rounding out every day at the Park. The Dream Team looks pretty good says Marty Flaherty and Bill Fay as the boys practice hard for their Tuesday, July 16, opener against a tough Assabet Valley Team from Stow and Maynard. The game will be in Wilmington at the Park at 5:45, so let's have a good turn out to cheer on Wilmington's All Stars. Provided they win the opener, the 2nd play-off game will be held in Wilmington also on the following Thursday. Come on down and lend your support. The cheers sound good.

Bob Fullerton pitched beautiful shut-out ball to beat the Dodgers 2-0 Wednesday night. It was a heart breaker for Dodgers pitcher Matthew Hooper, who also was pitching superb ball.

On Saturday, the Braves continued their role as 'The Spoilers' as they defeated the first place Dodgers 11-7. Steve Bourasso's pitching, plus hitting, and base-running by Bill Madigan and Cliff Downs was the difference.

In another thriller, Saturday, the Cubs pounded out nine runs in the second inning, and then held on to win over the Giants 10 - 8. The Giants staged one of their typical 6th Inning Rallies, but left the bases loaded, and it wasn't in the books for them. A real good game.

Led by the pitching of Dana Giliardi and the Fielding of Rich Ryan, and three hits by John Krasnick the Eagles clinched a tie for

Farm League Pennant on June 29, 1968, by downing the Crows 8-2.

Although they trailed at one time 7-0, the Falcons came from behind to overcome the first Place Eagles of the Farm League, 9-8. Fine relief pitching by Ken Peters plus an inside the park homerun by Ken provided the difference in the game on Saturday.

## Yankees Won on the Fourth (of July)

What a Game!

On the plate is the Yankee star pitcher, Jeff Willett. On the mound is an equally good man, Ricky Dunn. The game is a play-off, to decide who is the champion of the Major League, in the Wilmington Little League. The score is 7 to 5, in favor of the Indians, but with two

on, on second and third.

Jeff Willett gave it all he had. He danced, he jigged, he did all he could to make Ricky nervous.

Ricky went into the wind-up, and was just going to deliver when Jeff danced in front of the plate, for a fleeting fraction of a second. Jeff blocked - and Ricky balked!

Ricky was just too much of a gentleman to throw the ball directly at another player. If he had, and Jeff had been hit, it would have been Jeff's fault, and Jeff would have been out.

But the penalty instead, is an advance of one base. The score became 7 to 6, with the tying run on third.

But the pandemonium! It was enough to make the fans hoarse, as umpires ruled, and Ricky argued. Twice Ricky rushed in from the pitcher's box, but it didn't do any good. The balk was a balk, the umpire ruled, even if it was caused by a block!

It was the largest crowd in weeks at a Little League game. They ate it up, - better than watching the Sox at the Fenway!

There were two champion teams for that crowd to watch. They were out to settle the score on which was best.

The Indians started off with an explosion. It wasn't hard to understand why the Indians had led the league, all year.

There were five big runs, in the first half of the first inning, hit in by six singles, by Steve Callahan, Dan Hurley, Steve Silva, Bob Burns and Jim Meuse.

The Yankees, in their part of the first inning, came up with singles by Roy Meyer, Ken Copp, Dan Bicknell and a double by Jim Gillis, which brought in two runs.

Steve Silva slipped across for an Indian tally in the 2nd, and the Yankees brought in two more runs on a walk and back-to-back doubles by Roy Meyer and John Gillis.

The Indians failed to score in the third, as the Yankees chipped away at the Indians lead by getting one more run, on a walk by Steve Whalen, who promptly stole second, and streaked hom with a run on a single by Peter O'Rourke. The score was now six-five, in favor of the Indians.

The game tightened up in the 4th, as neither team scored. Ricky Dunn, who replaced Silva on the mound, struck out 2 and 1st baseman Jim Meuse, who played fine ball all afternoon, set the Yankees down in order.

Two fine defensive plays by Yankee shortstop Roy Meyer and a running catch by right fielder Doug Stewart shut the Indians out. The score was still 6-5.

In the Indian half of the fifth a fine single by Jim Meuse drove in another run, and they led 7-5.

But the Yankees tied it up, in their half, with the block-balk. There were three singles, by Dan Bicknell, Jim Spinney and Steve Whalen, and Peter O'Rourke walked.

After the block-balk Jeff brought in the next run, tying the game.

## FROM THE BOX SEAT

Fatting Cassius Clay's case moves into the 'Serene' Court (you know Life begins at Eighty) as high ranking heavies like Sonny Liston retard ultra-promising contenders like What's-His-Name Clark. . . . The 76ers unloaded the Frankenstein they've created, for anything they could get, caring little if they ruin the Western Division by stacking the Lakers. - Why couldn't they have peddled the spoiled brat to an expansion club?

Why is it that Wilmington's powers-that-be have not consulted the Recreation Commission for advice on the disposition of Baby Beach?

Does anyone want to buy stock in an N.F.L. club . . . ?

Kevin Fields is doing his best to emulate Don Drysdale with a shutout string the likes of which the Inter-City League hasn't seen in some time. The big right-hander followed up a short relief stint with a 1-0 five-hitter over Woburn, Sunday. I sit in the box, amazed that Kevin, with his tremendous record since High School, has never been given a shot at pro ball. . . . Outside of Fenway Park there just isn't a livelier fast ball in New England.

Lloyd Carney claims it took three friends to help him boat a gigantic trout he hooked a while back. . . . Ted Wicks pitched the K of C to a 7-5 upset triumph over the Sons of Italy last week. . . . Friday night Rocco's meets National Poly. Both teams have but one loss and are struggling to stay close to the undefeated Legion. . .

Manager Jim Tighe's Newhouse Construction Co. team, bedecked in Legion uniforms, and composed of the most multi-varied conglomerate of softballers ever assembled in Wilmington, won a fast pitch tournament in Lowell over

the weekend, qualifying thereby for the State Class A finals a few weeks hence. The team was made up of members of the Reading Town Team, Hosmers Chiefs, Wakefield Merchants, Surety Bank, A&E, Hazlewood Cottage, Rocco's, Jack's Esso, Woburn, and Wilmington Legion.

Dave Newhouse put up the dough, then provided the winning blow in each game to take home a handsome trophy. Dave's homer won the semi-final 4-2, and his sacrifice fly scored the first run in an 11-0 victory. Billy Boudreau and Jim Tracy did the hurling, Tracy's effort being a 10 strikeout, one-hitter, in which he also homered.

Next year, when the Wilmington Softball Leagues goes to fast pitch the minimum age should be lowered to at least 16.

After Pony League sends over-15 olds out to pasture, players must wait two years to play lob ball with the men at the Town Park. Many of these kids could help most of the teams in the league. . .

Managers persist in selecting has-beens, like Mantle, for All Star games, whey guys like Jim Northrup, much more deserving, would appreciate it for more. . . .

All the Beacon-Santos game crowd means is that the world's greatest anything will draw curiosity seekers. Pro soccer has a long way to go in Boston to be considered established. . . .

The AFL would really have the other loop over the barrel now if they hadn't agreed to the merger last year. . .

West beat East 4-3 in the Pony League Star game last Thursday morning. West manager Warren Everett then returned to Wilmington to pilot his Wildcats to a 7-1 win over the Mavericks. Butch Everett, Jim Irwin and Tom Mirasola were the big sticks for the winners. Portsider Mike Esposito easily handled all the Maverick hitters but Tom Beaton, who reached him for a couple of safeties and then got two more including the game winner Saturday over the Red Sox. Billy Gustus got the win 1-0 moving the Mavericks within a half game of second place in the EAST.

That Esposito fella came right back Tuesday night and white-washed the same Red Sox by the same 1-0 score, thus vaulting the Mavericks into a tie for second. The Wildcats lead the East with a 9 and 4 record. . . .

Surety Bank picked up a pair of wins and a tie last week, besting the Melrose Legion and Hazlewood Cottage, and knotting A & E with a last ditch rally. . . .

No friend, that enthralling fragrance in our July New England air isn't the scent of mint julep and magnolia, - it's the refreshing smell of a truthful politician from the modest state of Alabama. It seems that Massachusetts has

more than a handful of conservatives, as George W. is having little trouble gathering his necessary 61,000 signatures. I wonder where the Republican party got the two million dollars they offered George under the table to stay out of the

race. It couldn't have been from you faithful supporters, could it?

Our collective hat is off to the coaches of the Ravens, in the Little League Farm Team.

They made certain that every player got into every game!

## YANKEES WON (Fr. Pg. Eight)

Jeff had to be taken out, as the Little League rules will not allow a pitcher to play more than six innings in any one game. Jeff was replaced by Yankee reliever Steve Coville, who pitched to 3 Indians, and after making a nice play which erased a runner, was replaced by Ken Copp, who ended the inning.

The 6th and 7th innings were really tight baseball. Both sides remained scoreless because of fancy defensive play, by Indians Randy Schneider and Jim Meuse, and Yankees Brian Phillips and Dan Bicknell.

Indian Pitcher Ricky Dunn got a single in the 8th., but again defensive plays by Yankee Peter O'Rourke and Doug Stewart erased the Indian threat.

In the Yankee 8th Doug Stewart got a double, and then stole third in a spectacular. John Gillis then drilled in the winning single, and the game was over. John was mobbed by his Yankee team-mates as their 'impossible dream' came true.

It was a game that will be remembered. It's almost impossible to say that there was a 'losing' team, on that field!

Both teams shook hands, as champions always do. Both Bill Fay, manager of the Indians, and Marty Flaherty, manager of the Yankees, deserve a special note for their hard work, and their sportsman like conduct.

And Marty walked off the field smoking a big cigar - a surprise present from his team!

It may be annoying to others, but the nervous habits of students at study have the approval of a physician.

Hair-twirling, leg Jiggling, nail-biting, and other idiosyncracies indulged in while deep in thought are an aid to concentration.

They're all a means of releasing inner tension drives that might otherwise interrupt the cerebral process.

Concentration is one of the most isolated activities one can engage in. It means cutting out all other sensory input.

Sustained concentration is difficult for anyone unless the subject under study is intensely interesting, or the motivation to study is strong.

Thus, at examination time students concentrate (cram) much better than at other times.

It is interesting to note that 'habit' often enhances concentration. You can be sure that each prescription filled at the SILVER LAKE PHARMACY, 52 Main St. receives our undivided attention. Call 658-4617. Open Every Day, 9-10. Whitman and Candy Cupboard Candies, Cosmetics.

It was an outdoor picnic, with all sorts of goodies, and perhaps was intended to inspire the Dodgers to go on to win again this year.

In front are John Dunn, Mathew Hooper, Tony Frederickson, Ronnie Laurenson, Fred McDonald, Kevin Mullarky, Steve Laurenson and Bill Manny.

Standing are David Hooper, Stephen Daniell, Dan Daniell, Robert Szumowski, Joe Lunnetta and Bly Eckberg.

In the rear are Joe App, Bill Hooper, Larry Daniell, Charles Laurenson, and acting King Lion Bill Cavanaugh.

Joe App presented each of the coaches with trophies, in recognition of their work, and each of the players too, with Bill Cavanaugh making the actual presentation.
